Orlando, FL – Grow and Sing Studios has been named a Top Program Conductor’s Circle by Kindermusik International, the world’s leading publisher of music and movement programs.

Holly Lesnick, Owner of Grow and Sing Studios an Accredited Kindermusik Educator, is an early childhood specialist with a degree in Music Therapy. Along with her husband Will, Lesnick leads a skilled team of educators who teach Kindermusik in several locations across Central Florida. The Top Program award recognizes excellence in programs that reach the most families globally. Programs that have, as a result of building a truly expansive program, proven masterful in reaching large numbers of families with the Kindermusik experience are recognized as a Top Program Conductors Circle.

“The Kindermusik Top Program has a mission: helping children become better learners and helping parents understand how to help them reach their highest potential,” said Scott Kinsey, CEO at Kindermusik International.

Holly’s program once again joins the elite company of the 50 Conductor’s Circle Top Programs identified as the top Educators of the thousands of accredited educators in the world who teach Kindermusik’s music and movement curricula. Lesnick began teaching Kindermusik in Orlando in 2002. Today Lesnick’s team teaches the learning program to over hundreds of families per month across the Central Florida area. In addition the studio offers piano lessons, as well as birthday parties and even photo booth event services. In the last year, even more classes have been added to the Grow and Sing Studios schedule and there are even more to come.

“What an incredible honor to receive our 19th consecutive top program award,” said Lesnick. “Our entire team is humbled to receive this honor each year and is grateful to be given the opportunity to enrich so many families with such a premiere program. We hope to offer even more, in more areas of Central Florida this coming year.”

###

Kindermusik International is the world's leading publisher of music and movement curricula for parents and their children, newborn to 7 years old. The award-winning books, music, games, and instruments are based on more than 40 years of experience creating curricula based on new and proven research in child development, designed to nurture skills in the whole child: cognitive, physical, social, emotional, language and musical. The Kindermusik App is a wonderful resource for all and can be accessed for free!
